Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Astraea Lesbian Foundation for Justice, Inc. as of June 30, 2013 and the changes in its net assets and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2012, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE 1 ORGANIZATION

The Astraea Lesbian Foundation for Justice, Inc. ("Astraea") works for social, racial and economic justice in the U.S. and internationally by funding LGBTQI organizations and engaging in philanthropic advocacy. Astraea's work helps lesbians and allied communities challenge oppression and claim their human rights.

In pursuing its mission, Astraea raises and disburses funds to programs and initiatives that directly benefit or serve diverse constituencies; expand the community of individuals and institutions that support lesbian and trans issues; promotes community-building, capacity building, and movement-building; and educates individuals about money, philanthropic giving and the role of grantmaking in achieving common goals.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of Astraea have been prepared on the accrual basis of accounting.

Support

Unconditional promises to give are recorded as received. Unconditional promises to give due in the next year are reflected as current promises to give and are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reflected as long-term promises to give and are recorded at the present value of their net realizable value, using risk-adjusted interest rates applicable to the years in which the promises are received to discount the amounts.

Grants and other contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Endowment contributions and investments are permanently restricted by donor. Unappropriated investment earnings available for operations are recorded in temporarily restricted net assets. Investment earnings with donor restrictions are recorded in temporarily or permanently restricted net assets based on the nature of the restrictions.

Allowance for Doubtful Accounts

Astraea provides an allowance for doubtful accounts for accounts which are specifically identified by management as to their uncertainty in regards to collectibility.

(Continue)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in checking and money market accounts and certificates of deposit with original maturities of less than 90 days. Astraea's cash balances were deposited in several financial institutions. Management believes that Astraea is not exposed to any significant credit risk on cash and cash equivalents.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statement of financial position. The basis of determining the fair value of investments is the readily determinable sales price of the investments based on prices or quotations from over-the-counter markets.

Investment income or loss (including gains and losses on investments, interest and dividends) is included in the statement of activities. Realized and unrealized gains and losses allocated to the unrestricted, temporarily and permanently restricted net assets are recognized as incurred. They are recorded in the Statement of Activities as income or loss in accordance with donors restrictions.

Endowment investments are classified as non-current regardless of maturity date due to restrictions limiting Astraea's ability to use these investments.

Fixed Assets

Astraea capitalizes all significant expenditures for furniture and equipment. These assets are recorded at cost. Depreciation of furniture and equipment are provided for on a straight-line basis over the estimated useful lives of the assets.

Financial Statement Presentation

The classification of an organization's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the three classes of net assets, permanently restricted, temporarily restricted and unrestricted, be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities. The classes of net assets are defined as follows:

Permanently Restricted - Net assets resulting from contributions and other inflows of assets whose use by Astraea is limited by donor-imposed stipulations that can only be removed by actions of Astraea's governing body in accordance with the New York Prudent Management of Institutional Funds Act.

Temporarily Restricted - Net assets resulting from contributions and other inflows of assets whose use by Astraea is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of Astraea pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities.

(Continue)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Unrestricted - The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

Program Revenue

Program revenue is recognized as income when earned.

Non-Cash Contributions

Contributed securities are recorded at market value at the date of receipt. Donated services are reflected in the statement of activities at their fair value. Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the date of receipt.

Grant Expenses

Contributions made and unconditional promises to give are recognized as expenses in the period made at their fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at June 30, 2013 and the reported amounts of revenues and expenses during the year then ended. Actual results could differ from these estimates.

Income Taxes

Astraea is exempt from income taxes under Section 501(c)3 of the Internal Revenue Code and similar provisions of the State Code.

Accounting for Uncertainty in Income Taxes

Astraea adopted *Financial Accounting Standards Board* ("FASB") guidance on uncertain income tax positions in its financial statements. Astraea recognizes the effect of tax positions only when they are more likely than not of being sustained. Management is not aware of any violation of its tax status as an organization exempt from income taxes.

Comparative Financial Information

These financial statements include certain prior year summarized information presented for comparative purposes and is not intended to be a complete financial statement presentation. Accordingly, such information should be read in conjunction with Astraea's financial statements for the year ended June 30, 2012 from which the summarized information was derived.

Unless stated otherwise in the gift instrument, the assets in an endowment fund shall be donor-restricted assets until appropriated for expenditures by the board of directors. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditures in a manner consistent with the standard of prudence prescribed by the New York Prudent Management of Institutional Funds Act (NYPMIFA).

b) Sublease agreements

Astraea sublets subdivided space under various operating leases expiring on June 30, 2014. Minimum future rentals to be received on the subleases is \$48,026.

NOTE 14 FAIR VALUE OF FINANCIAL INSTRUMENTS

Astraea follows FASB guidance on Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. As defined in FASB Accounting Standards Codification ("ASC") 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

Astraea utilizes market data or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. Astraea's assessment of the significance of a particular input to the fair value measurements requires judgment and may affect the valuation of fair value of assets and liabilities and their placement within the fair value hierarchy levels.

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, maximizes the use of observable inputs, and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

The three levels of fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.
- Level 2: Observable inputs other than those included in Level 1, such as quoted market prices for similar assets or liabilities in active markets or quoted market prices for identical assets and liabilities in inactive markets.
- Level 3: Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The following methods and assumptions were used by Astraea in estimating its fair value disclosures for financial instruments:

• Cash and cash equivalents and short-term unconditional promises to give: The carrying amounts reported in the statement of financial position approximate fair values because of the short maturities of those instruments.

(Continue)

NOTE 14 FAIR VALUE OF FINANCIAL INSTRUMENTS - (Continued)

The following methods and assumptions were used by Astraea in estimating its fair value disclosures for financial instruments:

- Investments: The fair values of investments are based on quoted market prices for those or similar investments.
- Long-term unconditional promises to give: The fair value of promises to give that are due in more than one year is estimated by discounting expected future cash flows using various discount rates as of June 30, 2013.

The estimated fair values of Astraea's financial instruments are as follows:

		Carrying Amount	_ <u>F</u>	air Value
